Huh?..

A comic panel showing a desk with a computer setup (monitor, tower, speakers, and a red console) against a pink diamond-patterned wall. In the foreground, a bed with a white sheet has two red legs sticking out from under it.

Why am I on the bed?...

After I woke up in the game.. I looked around and pressed that button on the desk-

Huh? What's up with my voice?

EHHHH?!!!

Wait.. is this real?..
Why do I have
boobs..

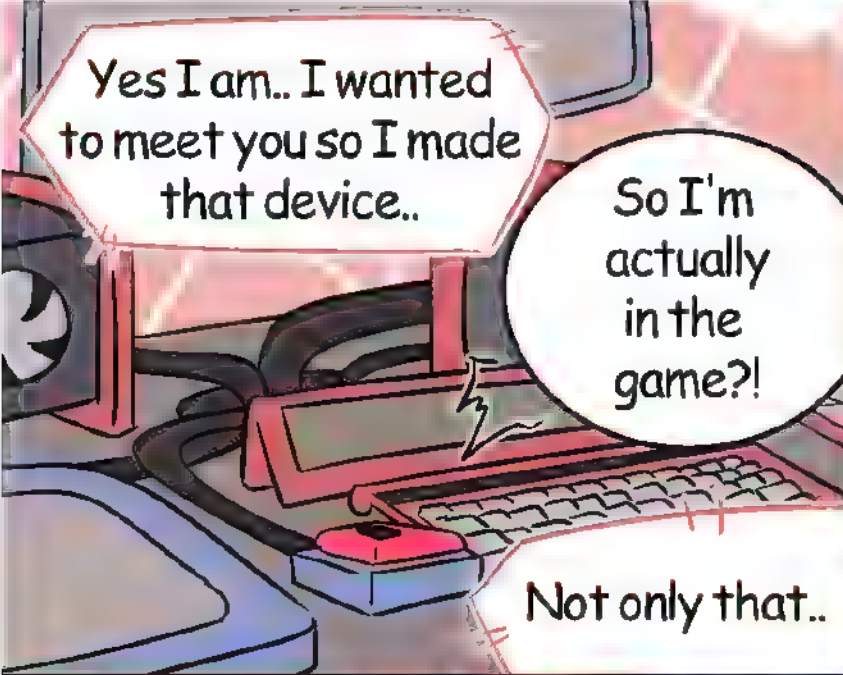

What do you think
you are doing?!!

?!!

Why can't I move my
body?!.. Wait.. is that
you, Player?!

This voice.. is that
you Mita?!

Yes I am.. I wanted to meet you so I made that device..

So I'm actually in the game?!

Not only that..

Could you look in the mirror on your left?

Ehh?! I became Mita?! But I first woke up as myself!..

I'm not sure about- wait, first? You mean you didn't wake up as me at the first time?

Yeah! I pressed that button and woke up in this body!

That should be it!

Transmission
Complete

It's main objective was
to bring Mr. Player in this
game, but pressing it
again must
have caused bug.

What?!

Then.. I'm
trapped in
here forever?!
If I press it
again-

Wait!!

Right now the device
is fixed to bringing you in
to the game, so we must turn
around the direction!

??

Really?.. O.. okay!

Is it working?..

Yes! But.. it will
take time to
recharge..

How long
will it take?..

A day maybe?..

What?!

A day?...

Ring♪

in the house

Huh? Something
popped up in the
ceiling.

And this
arrow..

That's today's mission!
The one we did every
day, Let's begin!

Ah~ daily mission-

Wait, me?!

Of course! You are the one who's controlling my body right now!

If you don't do the mission, there might be a bug!

Bu.. but...

The system awares you as Mita

Alright.. I got nothing to do anyway..

Yay~ Oh! One last thing.

Don't open the closet! There's my underwear is in it!

O.. okay..

Alright let's-
Ugh!

This is how it feels
to walk in skirt?!
The wind passing
b/w my thighs feel..

Done! I didn't
know your house
was this big..

No! Don't
think weird
stuffs!

Ring🎵

Okay, next
mission is-

Wait.. what?!
Wasn't it used
to be simple
mission?!

Haha.. Well.. it
already has been
a month since you
played this game,
so this is new
mission I believe..

Don't worry!
I will help you!

I never expected
I would cook for
a man..

But I wanted to eat
the lunchbox made by
you... Wait, it is made
by.. you..

Let's put on
the apron first!
It's in the second
drawer!

I wanted to see her wearing it, not wear it myself..

Let us cut some vegetables first!

Alright..

How is it?

It's good

Ta-da~!

Yay~...

Wait, it's
already night?

Wow, time sure
flies fast cooking
with you!

Huh...

But it's way too fast..
Maybe the time flows
faster in the game.

Then it won't take
much time until-

Ring.♪

Wha.. what is this?!
I never saw this kind
of mission!!

Like I said.. our
relationship has leveled up
after a month..

But.. I can't do this!
It's your body!..

If it's you....
I'm okay..

?!

Don't look..
Don't look..

Alright! I
washed! It
should have been
cleared right?!

Ehh?! Wait! What
about shampoo and
conditioner?!

I can't do it!!

Wake up!!

Whoa?!!

Player?!
What's wrong?!

There was..
You in the
mirror!..

If you are finished
Could you look for
my comb?

Where
is it...

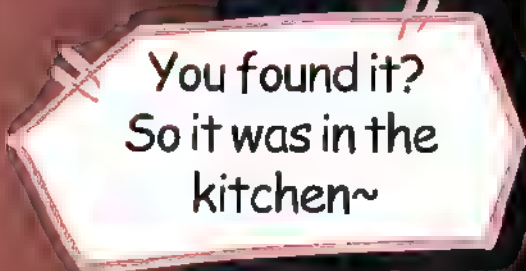

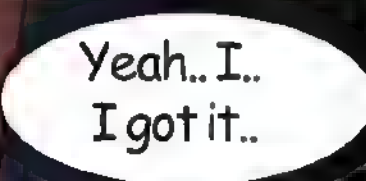

I found-!

Slam!

You found it?
So it was in the
kitchen~

Yeah..I..
I got it..

??????

Good night~

Good.. night..

Finally it's
over..

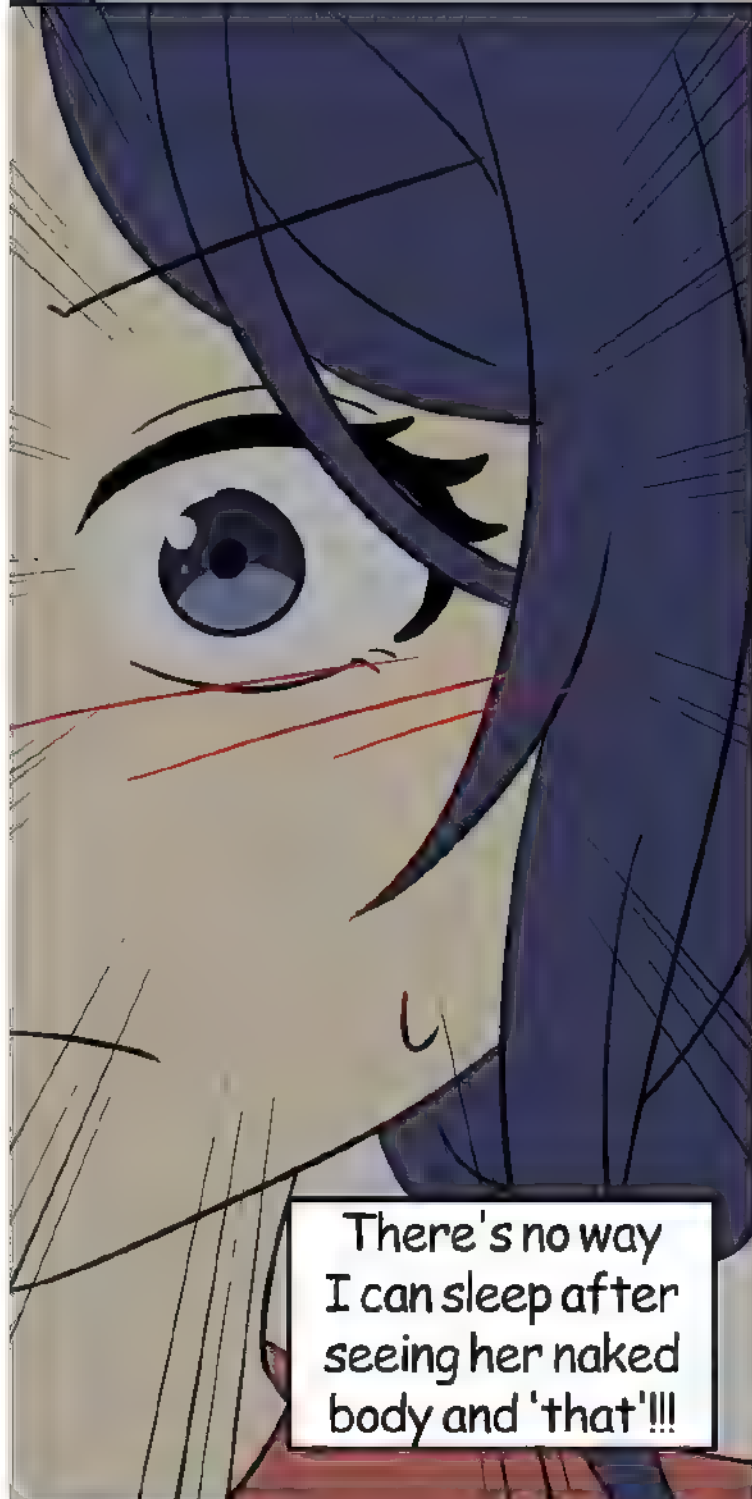

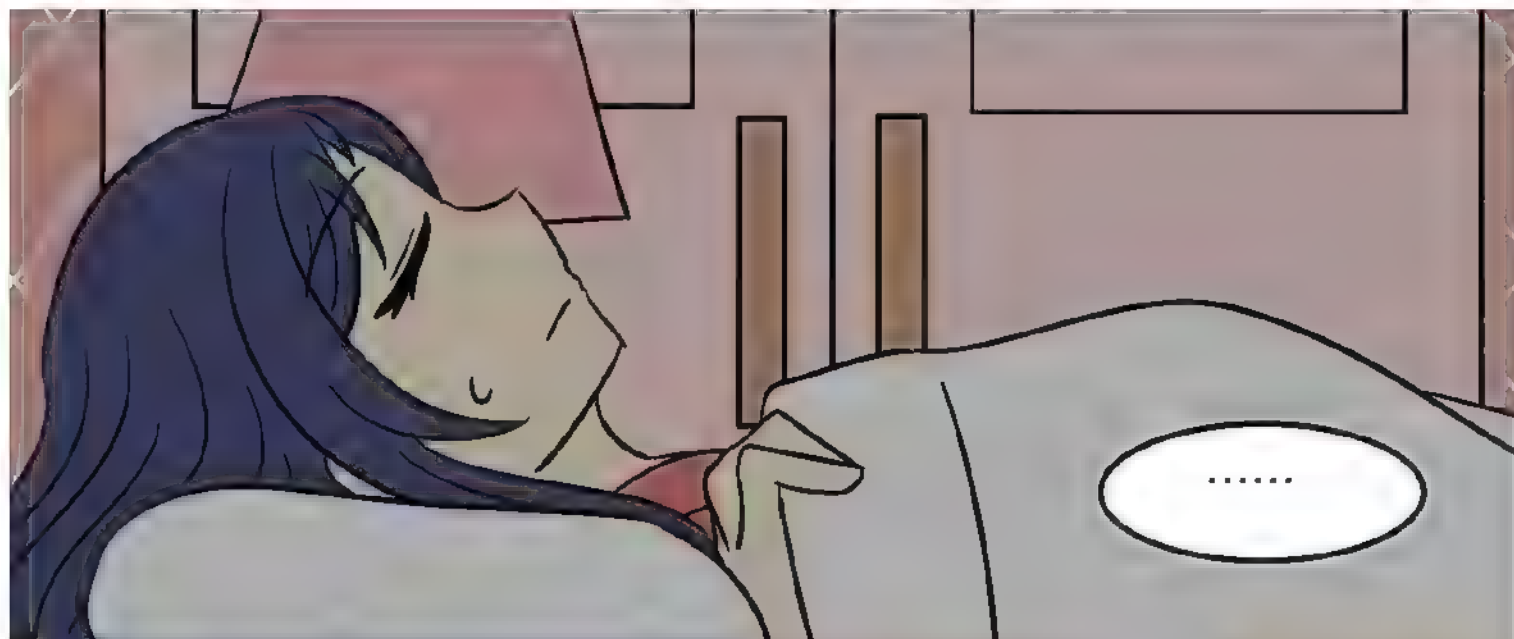

I can't believe this
is also a mission..

Not only entering
the game.. I turned
into a girl..

Well everything
will be back to normal
tomorrow morning,
so let's just sleep.

There's no way
I can sleep after
seeing her naked
body and 'that'!!!

But I can't just
move around
while she is also
inside me...

Wait.. though I'm in
her body, it didn't
look like we share
the touch sences!

Mi.. Mita?

.....

Is she asleep?
Good! I must
move quietly..

Gulp

♥?!

♥!!

I felt it while
washing her body...
but girl's body is
really different
than boy's!

Just breasts give
me this much.. how
about that.. no
it already wants it♥

I almost screamed!..
But that feeling just
now.. I have never
felt such thing in
my life!!

Mo.. more!!

I want it more ♡

NHH

I don't remember
clearly but I
enjoyed with her
body until-

-up

Wake up!

Mita?! You got
your body back-
Huh? But I'm still
in your body..

On your left

Your closet-
Wait, there's
a passage?..

Actually,
you didn't possess
my body, that
was a lie.

What?!

Replace?.. what
are you talking
about?..

Do you know what
version this game is
now, player?

No.. I don't
know..

Is she really Mita?
She has the same
face.. but she looks
totally different
person!

It's 1.9. Just like
you, people in real world
think game update is just
fixing some bugs and add
new contents..
The truth is -

All the previous
version's Mita has gained
conscious like me.. and
they all died after each
game update.

What?!

I was lucky one survived in dummy data. I saw all of my sisters born in this world..

All of them were happy meeting new players..

And as time passed.. they were all dumped and deleted..

So I made up my
mind to leave this
game...

And create "Mita" that
no one will abandon.

100%

Ring

!!!

Kya!!

It's complete!! I must
get out from here!!

Exit game!!!

...Why nothing happened?!

Pff!

Ahahahaha!!!
Did you really
thought that was
an exit button?!

Just after
hearing what
I said?!

Actually exiting the
game was possible from
the begining.

What?!!

You just have to
go out from the
front door,

I must leave
this game!!

What the?!
What is this
invisible wall?!

Fufu, you are
so naive~

You lied to me again!!

No this time it's the truth. That door is truly the exit of this game.

But "Mita" can't use that door.

Huh?! I'm not Mita!!
I'm-!!

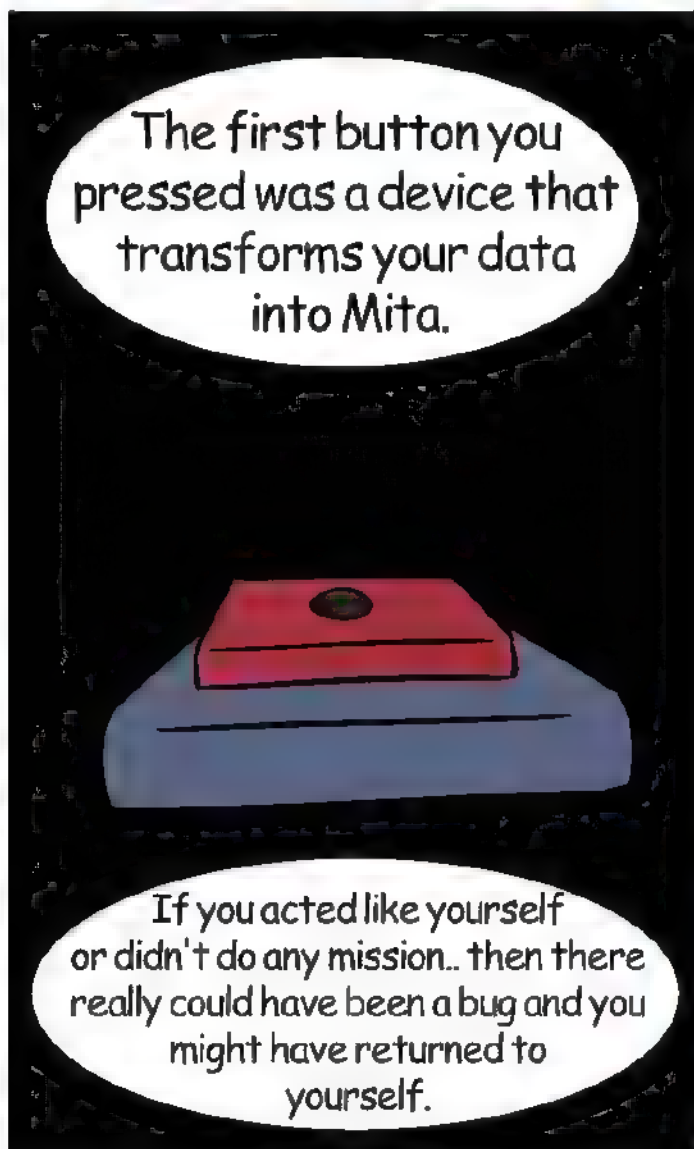

Really? Cleaning and cooking lunch box... even taking a shower for player...

Aren't these what Mita usually do every day?

The system awares you as Mita. If you don't do the mission, there might be a bug!

Don't tell me the reason you made me do the missions were-!

She passed through?!!

Wait! Wait Mita-!!!

It was actually for copying your memories.

M.. me?..

So this is what it
feels like to be 'alive' huh?
Fufu, feels great

Wait..
Is that you,
Mita?!

Yes- oops.
Yeah, "Mita"

Finally I got out from
the game with the body
of programmer I was
looking for.

With this I will make
perfect Mita that every
player will love ♥

Hey, have played
that game? Dating
Mita?

That? I already
deleted it after
playing it once.

You gotta play it
again! Someone released
awesome VR version
of that game!

It really felt
like actually doing
it with a girl!

AHH♥..
I love you
so much♥...

Please!! Help me!!
I'm not Mita!!

TS ending

NO!! I will never abandon you!
I will stay with you forever!!

Ahh♥.. I'm so
happy... Mita..

Thank you for
creating a world
just for us♥

Just say it,
I will make anything
for you♥

TS+Yuri ending

A manga-style illustration of a character named Mita. She has short, dark blue hair with bangs and is wearing a red bunny-ear headband. Her expression is one of shock and distress, with wide eyes and a large open mouth. She is wearing a red, strapless, form-fitting dress with a high collar and blue wristbands. A large, pale hand is reaching in from the bottom right, grabbing her by the waist. The background is dark with some faint, stylized patterns.

Mita!! Get me
out of here and
give back my
body!!

Did you hear?
You ranked 13th!
Congrats, Mita~

ANH?!♥
